

# Guest Permission Form for Minors 10-17

I agree to grant permission for the child residing in my household, who is between ages 10 through 17, to have the privilege to purchase guest passes and bring **one** guest to the pool at a time. I understand this permission form only lasts until the end of the current pool season and that it must be filled out each year. I acknowledge that this child will obey all pool rules and ensure that the guest they bring will also follow pool rules. I understand that the child cannot bring in a guest younger than ten years old. I will ensure that the child knows to obey the rule requiring that they must stay with their guest at all times, and cannot leave their guest unattended at the facility. If any rules are broken, I understand that the recreation director and pool staff reserve the right to suspend or take away guest privileges for this child depending upon the severity of rule violations as well as number of occurrences that rules are violated over the course of the season:
